Product Description

W.R. Long: Gladiator56

Product Information

The Gladiator Grapple is expertly crafted to fit compact tractors up to 50hp. Made from abrasion resistant AR400 steel, the Gladiator boasts exceptional durability, making it ideal for applications with moderate-to-heavy wear. Its lightweight design is specifically engineered to enhance the performance of compact tractor loaders.

Key Benefits

- Ideal for tree service work, lot clearing, trash removal, demolition, etc
 - Rake and Grapple tines serrated for maximum load gripping and crushing strength.
 - Grapple opens to 37 inches, closes completely.
 - Two 2 X 6 inch hydraulic cylinders located on the rear of grapple.
 - All serrated parts made out of AR400.
 - Eight inch tine spacing.
 - Integrated rake bar on grapple lid to enhance back dragging capabilities.
 - Laminated teeth are reinforced with angle to provide exceptional rake strength.
 - Heat treated bushings with plated stress proof pins, all greaseable.
 - Comes standard with two 50" long hoses and a set of 1/2" pioneer ag style quick couplers. 3/8" ag style quick couplers, 3/8" Flat Face, and 1/2" Flat Face quick couplers are also available upon request.
