Product Description

W.R. Long: Root Rake Brush Grapple 3 (64)

Product Information

The RBG3, or Root Rake Brush Grapple 3, is expertly crafted to fit sub-compact and compact tractors with up to 40hp. Made from abrasion resistant AR400 steel, the RBG3 boasts exceptional durability, making it ideal for applications with moderate-to-heavy wear. Its lightweight design is specifically engineered to enhance the performance of sub-compact loaders. It features replaceable high carbon steel teeth, ensuring maximum ground engaging strength.

Key Benefits

- Light weight. (48" is only 213lbs).
 - Root Rake and Grapple tines made out of AR400.
 - Ideal for tree service work, lot clearing, trash removal, demolition, etc.
 - Root Rake and Grapple tines serrated for maximum load gripping and crushing strength.
 - Load center is closer to the loader than on other types of grapples.
 - Heat treated bushings with stress proof zinc plated pins.
 - RBG3 opens to 39 inches.
 - Top grapple tines closes down all the way to rake teeth.
 - Uses two 2" x 6" welded constructed hydraulic cylinders.
 - Comes standard with two 50" long hoses and a set of 1/2" pioneer ag style quick couplers. 3/8" Pioneer Ag style quick couplers, 3/8" Flat Face, and 1/2" Flat Face quick couplers are also available upon request.
